

Background

Canada and New Brunswick fund 74 projects to improve water and wastewater systems across the province

Investment of more than \$57.1 million

Clean Water and Wastewater Fund (CWWF)

Under this new federal funding program, the governments of Canada and New Brunswick are investing \$57.1 million in 74 water and wastewater projects to ensure New Brunswickers have access to clean and reliable water sources. This is in addition to the projects announced with the [signing of the bilateral agreement on August 18, 2016](#).

The Government of Canada is contributing \$38.069 million for the 74 projects, representing 50% of the total eligible costs, and the province is providing \$19.035 million.
