Canada and Prince Edward Island Reach Agreement under New Federal Infrastructure Funding Programs

Canada and Prince Edward Island have approved 23 community infrastructure projects, to date, under two new federal infrastructure programs introduced as part of Phase 1 of the 10-year *Investing in Canada* plan. The Clean Water and Wastewater Fund and the Public Transit Infrastructure Fund will address key infrastructure priorities with a focus on repairing and upgrading existing facilities and assets.

Additional projects will be prioritized by the province for funding under each of these funds in the coming months.

Clean Water and Wastewater Fund

The Government of Canada is providing \$16,425,938 and the Government of Prince Edward Island is providing \$8,212,971 for 20 projects to rehabilitate and improve community water and wastewater systems across the province. Combined with provincial and municipal contributions, more than \$32,851,880 will be going toward providing Prince Edward Island families with clean reliable water sources.
