

### LxIQ™

- ✓ Seamless integrated multi-point temperature + pressure
  - ✓ Same reliable technology
  - ✓ Shared sensing fibre
  - ✓ Shared surface system
  - ✓ Shared data acquisition
  - ✓ Streamlined installation
  - ✓ No maintenance, calibration
  - ✓ Highest data quality
  - ✓ Auto-synchronized data

### Hybrid/Disparate Systems

- Legacy TC + bubble tube
- Hybrid TC + optical p-gauge
- Disparate optical DTS + p-gauge
  - ✗ Limited performance
  - ✗ Multiple strings, installations
  - ✗ High complexity, cost
  - ✗ Reliability challenges
  - ✗ Poor quality of data
  - ✗ Field maintenance, calibration
  - ✗ Lower overall value

*LxIQ™ Reliable, actionable distributed pressure and temperature data on a proven, flexible SAGD thermal monitoring platform*
