

Carry your friends in your pocket  
**BlackBerry® Pearl™ 3G**

**Keep your close friends closer.**

**The new compact BlackBerry Pearl 3G smartphone**

Wouldn't life be more enjoyable if you could take your best friends with you everywhere and anywhere? Well, now you can. With the new BlackBerry® Pearl™ 3G smartphone, when you see something funny, hear something odd, or you just need an opinion on a hat, you can message your friends right then and there.

This powerful smartphone is compact, smooth and un-put-downable. It lets you chat in real time, not text time, with BlackBerry® Messenger and listen to music for up to 30 hours. There's a flash on the camera, apps and even maps with GPS in case your best friends are really bad with directions. So you can keep your close friends just that - close.

 **BlackBerry®**

# Your friends and more right there with you.

## BBM message your friends with BlackBerry Messenger

Who wants to deal in fake time when you can deal in right-here-right-now time? Your 'Guess what I did' message (with photo or video if you're brave enough) will appear as quick as you can type. A 'D' will appear on your screen to show your message has been delivered. An 'R' when it's been read. And your friend's reply will appear as soon as they've picked themselves up off the floor.<sup>3</sup>

## Get rid of waiting with a push

BlackBerry push technology means no more waiting around. Without you lifting a finger, your emails, BBM™ messages, Facebook® updates, Twitter™ notifications and more will be automatically updated in seconds. So you can read them all on your BlackBerry Pearl 3G smartphone as soon as they arrive.

## Optical trackpad and SureType technology

Getting around your phone and sending messages shouldn't be a chore. That's why the new BlackBerry Pearl smartphone comes with a finger-gliding optical trackpad, a familiar keypad and SureType™ technology that will learn words as you type.

## More power to you with 3G, Wi-Fi and GPS

The new BlackBerry Pearl is a BlackBerry smartphone reduced in size, but not in power. 3G, Wi-Fi® technology, GPS and on-board memory allow you to do everything you need to do at once.<sup>2,4</sup>

## All media, all the time

Carry, watch and share your videos, pictures, files and more.<sup>7</sup> Sync your BlackBerry Pearl 3G to your Mac or PC with BlackBerry® Desktop Software<sup>7</sup> and transfer your music or media in a few easy clicks. And don't worry about running out of storage - your smartphone comes with a spacious 2GB microSD card. When your collection grows, just replace it with a larger microSD card to hold more of your favorite media files.<sup>6</sup>

## Talk and surf with simultaneous voice and data

When words can't describe it, just snap a picture and send it - even when you're already on the phone. Or browse the Web while you talk on the speakerphone or on a headset.<sup>5,8</sup> Now you can do it all at the same time.

## Flash at your friends with the 3.2MP camera

With some smartphones, they zoom, they focus, but they don't flash. Not the BlackBerry Pearl 3G. The 3.2MP digital camera does everything you want it to do to take perfect pictures of your friends.

## Smooth, compact design fits perfectly in your hand

Your BlackBerry Pearl 3G is compact, stylish and a must for everyone who likes texting and messaging with one hand. Sneak it into a meeting or on a first date so everyone can see what good taste you have.

## Multitasking made easy

You never focus on just one thing at a time. Neither does your BlackBerry Pearl 3G. You can use all of your favorite apps at the same time - there's no need to close one to use another. Which means you can BBM message your friends, update your status on Facebook, read incoming emails and more,<sup>3</sup> simultaneously.

## Get personal with it

Create a complete BlackBerry experience just for you. Choose intuitive apps designed just for BlackBerry smartphones from BlackBerry App World™, including games, entertainment, finance and more. Then give your smartphone the little things that'll show off your personal style. Set custom ringtones and notifications, and add cool wallpapers and themes. Finally, round it out with BlackBerry® Authentic Accessories like headsets and cases.<sup>9</sup>

3.2 MP camera  
Auto flash, auto focus and 2.5X zoom  
Video recording

1. Battery life, talk and standby times depend on network configuration, signal strength, features selected and customer usage patterns.
2. Check with your service provider for roaming arrangements, service plans, and supported features and services.
3. Requires activation with appropriate data plan. Check with service provider for availability, costs and restrictions.
4. The BlackBerry Pearl smartphone supports Wi-Fi 802.11 b/g. Not all BlackBerry plans support Wi-Fi® access to BlackBerry services. Check with your service provider for availability, costs and restrictions.
5. Simultaneous voice and data connectivity is only available when the BlackBerry Pearl 3G smartphone is connected to a GSM network for voice communication and a Wi-Fi® network for data connectivity.
6. The BlackBerry Pearl 3G smartphone accepts microSD cards of various sizes; the amount of storage is determined by card capacity. MicroSD cards may be sold separately.
7. Mac OS X version 10.5.5 is required.
8. Supports all A2DP Bluetooth® accessories.
9. Use only those accessories approved by Research In Motion. Using any accessories not approved by Research In Motion for use with your BlackBerry smartphone may invalidate any approval or warranty applicable to your BlackBerry smartphone and may be dangerous.
