

Media Backgrounder - Shaw Court Redesign February 27, 2013

Location

630 3 Ave SW
Calgary, AB T2P 4L4

Unique Exterior Design Features

- The redesigned Shaw Court will expand to include space for Shaw's flagship retail store and a new state-of-the-art TV studio – the future home of Global Calgary.
- With renovations to the exterior of the building, the new Shaw Court will be approximately 290,000 square feet (27,000 square metres).
- Approximately 900 Shaw employees will work in the redesigned Shaw Court.
- The proposed rooftop terrace on floor 12 has 6,000 square feet (560 square metres) of green space and will have café-style table dining space, an open seating area and a protective windscreen lining the exterior of the terrace.
- On the street level of Shaw Court and surrounding the building, there will be additional outdoor seating areas and green space.

Meet the Architects

Shaw has partnered with Gensler – a leading global architecture, design, planning and consulting firm – for the redesign of Shaw Court. Shaw's partnership with Gensler reinforces our commitment to sustainable building design and practices. Gensler has completed a variety of large-scale projects around the world.

Environmental Sustainability in Shaw Court

The redesign of Shaw Court will focus on sustainability. A LEED certification for the interior renovations of the building is a primary goal. Areas of focus are:

1. Water reduction
2. Energy efficiency
3. Recycling program

Proposed Building Amenities

Shaw Court will house many new amenities for employees including a fitness centre, wellness centre, lifestyle rooms and a new full food service cafeteria.
