

Corporate Overview

About Amika Mobile Corporation

Amika Mobile is privately held and specializes in WiFi and SMS emergency alerts, ideal for those concerned with public safety as per FEMA's FPC 65 directive for emergency mass notification systems. Amika Mobile also delivers critical email-to-SMS mobile content alerts. Its mobile content solutions are independent of device, platform or carrier. Amika Mobile sells its products through partners, system integrators, service providers and platform vendors initially focusing on North America, India, and Europe with later expansion to Asia. All copyrights, trademarks and trade names are the property of Amika Mobile. Refer to www.amikamobile.com for more information.

Awards

Amika Mobile has won ten awards thus far for its innovative technology as well as its business management and acumen since its inception in March 2007. Key awards include:

Amika Mobile named to Branham 300 Top 25 Up and Comers category that recognizes leaders of tomorrow within the ICT industry. Companies selected were chosen for their innovation, uniqueness and long-term potential.

Amika Mobile selected as having the best communication solution out of 100 early stage companies. The Telecom Council's Global Service Provider members voted to honour Amika Mobile's technology with the Alexander Graham Bell Award at their annual SPIFFY Award Gala, held in San Jose February 2009.

IDC has picked Amika Mobile as a fast rising start-up in January 2009 and one of Canada's Top 10 Companies to Watch for Innovation in Emergency Alerting over WiFi Hot Spots and Market Opportunity in Mobile Solutions.

Amika Mobile wins MobileVillage Awards in November 2008 for Emergency and Critical Alerting Solutions. Amika Mobile's emergency alerting product received a Silver Star while its Email-to-SMS product was recognized with a Bright Star award.

Ottawa Chamber of Commerce honours Amika Mobile with Best Small Business for 2007. Winners are selected based on business growth opportunities, job creation, innovation, customer focus, community contribution and strong sense of corporate responsibility.

Amika Mobile CEO recognized with Canada's Leading Woman Entrepreneur and Technology Innovator award for 2007. The Sara Kirke Award is presented to the woman who has shown the most outstanding technological innovation and corporate leadership that significantly expands the frontiers of Canada's high technology industry.
