

RC drill rig in operation on property

Mr. Brian H. Newton P. Geo, of Billiken Management Services Inc. and a “qualified person” pursuant to NI 43-101 has reviewed and approved the technical information in this press release on behalf of the Company.

About Cadillac

Cadillac is a development-focused exploration company which has the past-producing Thierry Property near Pickle Lake in Northern Ontario, several exploration projects in Spain in joint venture with MATSA and three Canadian exploration projects, located in regions that have been historically active.

In addition to the Thierry mine project Cadillac wholly owns the New Alger project, a previously productive gold mine, located outside of Cadillac, Quebec, where the Company has entered into a joint venture agreement with Renforth Resources Inc. for a three year \$2.5 million exploration program. In Spain, the Company is joint venture partner with Minas de Aguas Tenidas, S.A.U. regarding the exploration of 12 different investigation licenses surrounding the Aguas Tenidas Mine in the Iberian Pyrite Belt of southern Spain. The Burnt Hill Project is a 51% owned tungsten tin project located outside of Fredericton, New Brunswick. The Company also holds the Pickle Gold project comprised of 21 claims in the vicinity of 3 historically productive gold mines near Pickle Lake, and the Kirkland Gold project, located about 15 kilometres west of the town of Kirkland Lake.
