

E

1.07 grams per tonne gold
on inferred parallel gold-mineralized
structure 1.5 km south-southeast

Goldstack Trend **W**

**Gold-mineralized trend
4 km long, remains open**

Anticlinal fold hinge

Goldstack showing 14.25 g/t Au
over 2.5 metres in trench
16 rock grab samples taken over a
20 x 11 metre area assayed 1.04
to 49.2 g/t Au, including 6 samples
over 20 g/t Au

Goldstack new folded
Extension 25 metres NW
5 rock grab samples taken
over a 5 x 5 m area assayed
1.03 to 2.24 g/t Au
