

NEWALTA WETLAND HEROES

are young people (under 25 years of age) who make a difference by taking action to conserve and protect Canada's wetlands. They can be individuals, classes, schools or community youth clubs or groups. **No project or action is too big or too small. Every little bit a hero does helps!**

Here are some examples of ways to take action against wetland loss:

-  **Write letters.** Grade 3 students in B.C. wrote letters to politicians encouraging them to create a bird nesting area and increase protection for a wetland near a new subdivision.
-  **Talk to politicians.** The grade 4 winner of a school poster contest met with the Saskatchewan premier to encourage his government to better protect wetlands.
-  **Raise money.** Teenagers in Newfoundland and Quebec raised funds to help with conservation work in their provinces.
-  **Increase awareness.** University students worked a public display about wetland values and sent a petition to the Minister of Conservation asking the government to enact a wetland policy.
-  **Enhance habitat.** Students in B.C. built wood duck nesting boxes at a local wetland.
