

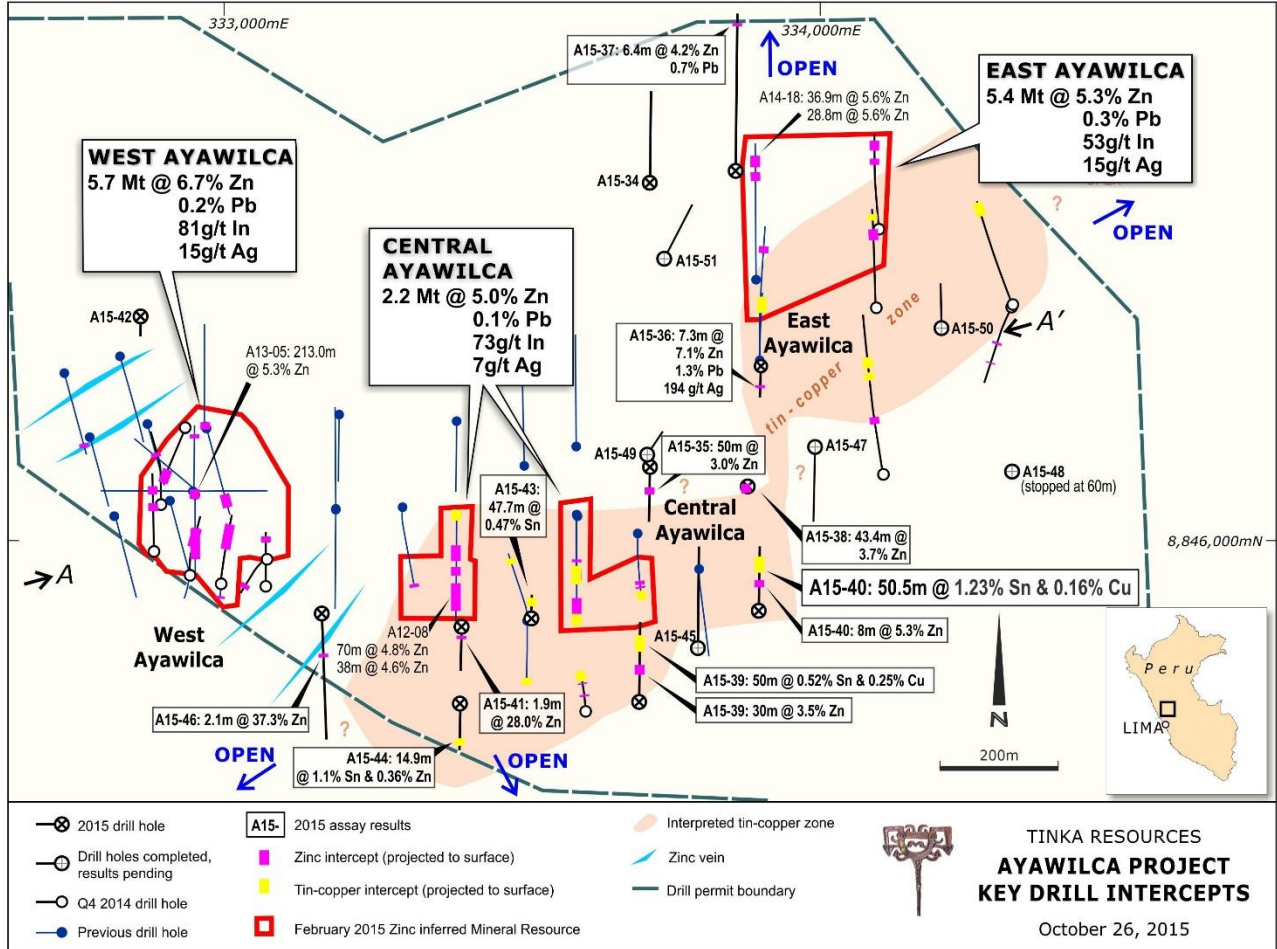

**Figure 1. Drill Hole Plan of Ayawilca showing 2015 Drill Results**

For details of zinc equivalent calculations, refer to notes to Table 1 in PR February 26, 2015

The tonnages and grades reported as West Ayawilca, Central Ayawilca and East Ayawilca are Inferred Mineral Resources  
 NB. Drill permit boundaries reflect limits of the current drill permit, not mineral tenure, which extend well beyond permits shown.

**Figure 2. Schematic west-east Geological Section through Ayawilca highlighting selective Zinc and Tin mineralized zones**
